Our Management

Mr. Subrata Roy

The Founder Director of Moople, Mr. Roy with 28+ years of experience has founded the company with a single vision – to transform India as the Animation hub of the world. A veteran in the animation industry, he guides the overall creative and aesthetic aspiration of the organization. A pillar of humility, honesty, integrity and empathy, he is the primary motivating force and the backbone behind all.

Mr. Prashant Chopra

A self-motivated and results driven director in PS Group of companies, Mr. Chopra sets the strategic direction for Moople. Mr. Chopra is an energetic entrepreneur with over 25+ years of experience and holds a masters degree in FMBA from SP Jain Institute of Management & Research, Mumbai. He uses his expertise in Finance, Human Resource and Marketing and his strong leadership skills to drive the team towards excellence.

Ms. Payal Chopra

Ms. Chopra oversees the day-to-day operations of Moople Institute, ensuring seamless execution across strategy, operations, and team leadership. With 22+ years of experience across industries like consulting, publishing, banking, real estate, and education, she brings a grounded yet dynamic perspective to organizational growth. Before joining Moople, she worked with Accenture, which helped her hone strong execution capabilities, process discipline, and cross-cultural team management. Her core belief is simple: hard work, consistency, and surrounding yourself with the right people are the cornerstones of any organization's success.

Why Moople

Industry relevant curriculum:

At Moople Institute of Animation and Design, our curriculum is crafted by a team of highly experienced industry professionals and academic experts who bring real-world insights into the classroom. Our faculty's deep understanding of current industry trends ensures that every program is aligned with the evolving needs of the industry. The result is a robust, job-oriented curriculum that equips students with practical skills, portfolio-ready projects, and the confidence to succeed from day one in their professional careers.

Individual PC for each student in class:

Modern lab equipped with high end systems enable students to learn the subject well.

Latest software & plug ins for students:

All systems are equipped with latest softwares & plug ins for the students to be job ready.

Our Foremost Priority - Placement:

Being part of the industry Moople understands and trains the students as per industry requirements. Given our strong focus on education, our students are able to qualify technical rounds with over 90% students getting placed easily.

Our Recruiters:

The best companies hire our students e.g. Prime Focus, Netscribes, Red Chillies Entertainment, SVFX, Technicolor, Amazon, DNEG, Cimpress, Studio 56, Trace VFX, PWC, Hula Studio, Fotographic, Esolz Technologies to name a few.

Strong Alumni Connect:

Most of our students are now senior level employees in national and international projects all across the nation. Moople provides multiple job openings for mid level & senior positions for alumni .

Opportunities For AVGC

The AVGC (Animation, Visual Effects, Gaming and Comics) industry is a rapidly evolving sector that plays a crucial role in the global entertainment and creative economy. Spanning multiple forms of media and technology, the AVGC industry is a significant contributor to cultural expression, economic growth, and technological advancement.

Animation involves creating moving images from static drawings or models, used in various formats including television shows, movies, advertisements, and online content. It encompasses both 2D and 3D Animation techniques.

Govt. promotes AVGC Industry
