Our Management

Mr. Subrata Roy

The Founder Director of Moople, Hi-Tech Animation and Tutopia, Mr. Roy with 25+ years of experience has founded the company with a single vision – to transform India as the Animation hub of the world. A veteran in the animation industry, he guides the overall creative and aesthetic aspiration of the organization. A pillar of humility, honesty, integrity and empathy, he is the primary motivating force and the backbone behind all.

Mr. Prashant Chopra

A self-motivated and results driven director in PS Group of companies, Mr. Chopra sets the strategic direction for Moople. Mr. Chopra is an energetic entrepreneur with over 18 years of experience and holds a masters degree in FMBA from SP Jain Institute of Management & Research, Mumbai. He uses his expertise in Finance, Human Resource and Marketing and his strong leadership skills to drive the team towards excellence.

Ms. Payal Chopra

Ms. Chopra oversees the day to day operations of Moople. Previously at Accenture, she mobilized Finance & Accounting processes to India for international giants like Microsoft and Schlumberger which helped in mastering her organizational skills. Having worked across varied industries like banking, publishing, real estate and consulting, she feels each experience has helped her grow personally and professionally. She believes that hard work and working with the right team is the recipe for any organization's success.

Why Moople

Learn From The Largest Poduction House In Eastern India:

Hi-Tech Animation is one of the leading 2D & 3D animation production houses in India servicing clients like Sony Yay, POGO, Nickelodeon, Cartoon Network to name a few

Industry relevant curriculum:

Moople, the education vertical of Hi-Tech Animation leverages the production experience to create a strong job oriented curriculum

Individual PC for each student in class:

Modern lab equipped with high end systems enable students to learn the subject well

Latest software & plug ins for students:

All systems are equipped with latest softwares & plug ins for the students

Our Foremost Priority - Placement:

Being part of the industry Moople understands and trains the students as per industry requirements. Given our strong focus on education, our students are able to qualify technical rounds with over 90% students getting placed easily

Our Recruiters:

The best companies hire our students e.g. Prime Focus, Netscribes, Red Chillies Entertainment, SVFX, Technicolor, Amazon, DNEG, Cimpress, Studio 56, Trace VFX, PWC, Hula Studio, Fotographic, Esolz Technologies to name a few

Strong Alumni Connect:

Most of our students are now senior level employees in national and international projects all across the nation. Moople provides multiple job openings for mid level & senior positions for alumni

Largest Animation Production House in Eastern India

Placement

Moople considers placement to be its foremost priority since inception and has a strong team of experienced people fully dedicated for providing placements. It offers dual placement assistance to all its students. After completion of the courses, the students are either absorbed in the in-house production studio (the largest of its kind in Eastern India) or placed in the best companies in the field throughout the country.

Moople conducts periodic placement drives with various top-tiered companies through its connections in the media industry where the students are placed according to their merit.

and many more...

Testimonials

I'm thrilled to share my experience with Moople! Choosing them has truly been a transformative decision in my journey into 3D design. I'm also incredibly grateful to Moople for their support in securing a great placement. Thank you, Moople for helping me turn my aspirations into reality!

Shlok Das, Amazon

I am immensely grateful to Moople for equipping me with the essential skills needed to thrive in the animation industry. A special thanks to my instructors, whose dedication and expertise taught me industry-level skills with genuine care.

Tithi Paul, Studio 56

Moople has played a crucial role in shaping my career, and I am truly grateful for the guidance and support from my faculty. Their training and mentorship have been instrumental in my growth and development. Thank you, Moople, for helping me pave the way for a successful future!

Bappa Das, Amazon

I want to express my heartfelt gratitude to my institute for the invaluable opportunity to learn 3D modeling and design. A special thanks to Moople and our respected teachers for their guidance and support throughout this journey.

Saikat sarkar, Mayablous Art LLP

I am truly grateful to Moople for the wonderful placement opportunity. The support and guidance from my faculty were instrumental throughout my journey, and I couldn't have asked for a better experience. Thank you, Moople, for everything!

Arunima Hazra, Shreejan Associates

Moople Institution has been instrumental in helping me build my career. I am truly thankful to the Moople Institute of Animation and Design for their support and guidance.

Poulami Pramanik, CloudHouse Animation

Opportunities For AVGC

The AVGC (Animation, Visual Effects, Gaming and Comics) industry is a rapidly evolving sector that plays a crucial role in the global entertainment and creative economy. Spanning multiple forms of media and technology, the AVGC industry is a significant contributor to cultural expression, economic growth, and technological advancement.

Animation involves creating moving images from static drawings or models, used in various formats including television shows, movies, advertisements, and online content. It encompasses both 2D and 3D animation techniques.

"Animation, Visual Effects, Gaming, and Comic (AVGC) sector offers immense potential to employ youth. Prime Minister Shri Narendra Modi highlighted the need to promote AVGC to build domestic capacity for serving Indian markets and the global demand"

Govt. promotes AVGC Industry
