Our Management

Mr. Subrata Roy

The Founder Director of Moople, Mr. Roy with 28+ years of experience has founded the company with a single vision – to transform India as the Animation hub of the world. A veteran in the animation industry, he guides the overall creative and aesthetic aspiration of the organization. A pillar of humility, honesty, integrity and empathy, he is the primary motivating force and the backbone behind all.

Mr. Prashant Chopra

A self-motivated and results driven director in PS Group of companies, Mr. Chopra sets the strategic direction for Moople. Mr. Chopra is an energetic entrepreneur with over 25+ years of experience and holds a masters degree in FMBA from SP Jain Institute of Management & Research, Mumbai. He uses his expertise in Finance, Human Resource and Marketing and his strong leadership skills to drive the team towards excellence.

Ms. Payal Chopra

Ms. Chopra oversees the day-to-day operations of Moople Institute, ensuring seamless execution across strategy, operations, and team leadership. With 22+ years of experience across industries like consulting, publishing, banking, real estate, and education, she brings a grounded yet dynamic perspective to organizational growth. Before joining Moople, she worked with Accenture, which helped her hone strong execution capabilities, process discipline, and cross-cultural team management. Her core belief is simple: hard work, consistency, and surrounding yourself with the right people are the cornerstones of any organization's success.

Why Moople?

Industry Relevant Curriculum

At Moople Institute of Animation and Design, our curriculum is crafted by a team of highly experienced industry professionals and academic experts who bring real-world insights into the classroom. Our faculty's deep understanding of current industry trends ensures that every program is aligned with the evolving needs of the industry. The result is a robust, job-oriented curriculum that equips students with practical skills, portfolio-ready projects, and the confidence to succeed from day one in their professional careers.

Individual PC for Each Student in Class

Modern lab equipped with high end systems enable students to learn the subject well.

Latest Software & Plugins for Students

All systems are equipped with latest softwares & plug ins for the students to be job ready.

Our Foremost Priority - Placement

Being part of the industry, Moople understands and trains the students as per industry requirements. Given our strong focus on education, our students are able to qualify technical rounds with over 90% students getting placed easily.

Our Recruiters

The best companies are hiring our students e.g. Prime Focus, Netscribes, Red Chillies Entertainment, SVFX, Technicolor, Amazon, Hi-Tech Animation, DNEG, Cimpress, Studio 56, Trace VFX, PWC, Hula Studio, Fotographic, Esolz Technologies to name a few.

Strong Alumni Connect

Most of our students are now senior level employees in national and international projects all across the nation. Moople provides multiple job openings for mid level & senior positions for alumni.

Opportunities for AVGC

The AVGC (Animation, Visual Effects, Gaming and Comics) industry is a rapidly evolving sector that plays a crucial role in the global entertainment and creative economy. Spanning multiple forms of media and technology, the AVGC industry is a significant contributor to cultural expression, economic growth, and technological advancement.

Animation involves creating moving images from static drawings or models, used in various formats including television shows, movies, advertisements, and online content. It encompasses both 2D and 3D Animation techniques.

Govt. promotes AVGC Industry

Faculty with Hands-On Production Experience

At the heart of Moople Institute's success is the unwavering dedication and talent of our faculty members. Each mentor brings not only knowledge but also hands-on industry experience, creativity and a strong commitment to shaping future professionals. Their ongoing efforts to guide students, upgrade the curriculum, and stay in sync with evolving trends in Animation, VFX, Design, and Media have been instrumental in positioning Moople as a leader in the creative education space.

More than just teachers, they are mentors, motivators, and role models—fostering a culture of innovation and lifelong learning. Their passion, discipline and student-first approach are what truly set Moople apart. Their contribution goes beyond academics—it's the very foundation of our excellence.

Placement Drives

- **e-Commerce giant Amazon** conducted a **2-day placement drive** at our campus, offering exciting opportunities for our students. Several students were successfully placed in roles such as **3D Artist - Junior and 3D Artist - Support**. The selected candidates will be joining Amazon's offices across **Bengaluru, Chennai, and Hyderabad**. This placement drive stands as a testament to the talent of our students and the growing industry trust in our training and curriculum

- **Adnet Global**, one of the fastest-growing **CGI, VFX, and post-production studios in India**, conducted a placement drive at our campus. Several students were successfully placed as **3D Generalists at their Mumbai studio**. This collaboration marks yet another milestone in providing industry-aligned career opportunities to our students and reinforces our commitment to nurturing skilled professionals for the creative industry

- **MANAGEMENT AND COMPUTER CONSULTANTS, a leading ITES services company** known for its **innovative digital solutions**, recently conducted a placement drive at our campus. We are proud to share that around **20 of our students were successfully placed** through this drive. This achievement stands as yet another milestone in our ongoing commitment to fostering strong industry connections and creating meaningful career opportunities for our students
